ABOUT US

Computer Graphics Training specialise in graphics, multimedia and business skills software training and can teach individuals and organisations to create and publish a vast array of media, using the tools the professionals use.

All our courses are workshop style - rather than classroom - and real world examples are used to illustrate the learning, although we actively encourage participants' to bring along examples of the type of work they wish to produce, to guarantee the training is both cost effective and productive.

We use the latest computer equipment and up to date software to ensure your learning experience is the best it can be. At the end of each intensive course, you will leave with confidence, knowing you can be immediately productive!

- Trainers are industry experts
- Workshop style training with real-world examples
- Course can be tailored & combined to suit your specific needs
- Latest LCD Large Format Digital & touch screen displays, Scanners and Printers
- Windows XP, Vista and Apple OSX

The courses we teach we use, every day!

We offer general public group courses and private customised training. Please call us on 01732 832576 or email training@cgt.uk.com for availability, more information or to book a course.

Training includes hands-on instruction in our well-equipped training centre, lunch and refreshments, FREE post-course support by phone or email, a certificate of attendance, examples CD and where appropriate training notes.
